Miss Holmes the Swift. She Distributes Letters at the Rate of Forty-three a Minute.

From a Post Office Department Bulletin. What is believed to be a record unparalleled in the history of the postal service in the rapid distribution of mail has just been established by a post s office clerk in the Detroit office.

The clerk, who is none other than against thousands of men in the Post Office Department and then triumphing over them, was employed at the Detroit post office two years ago. Placed at one of the numerous distributing cases, she began the monotonous grind of task was not a burdensome one for her. Within two years she has acquired a speed record that has never before been Sthin two years she has acquired a seed record that has never before been unded.

Miss Holmes on an eight hour shift of 12 M.

s at the rate of forty-three letters a minute, and if the time spent in tying the bundles of mail was subtracted rate per minute would approximate the startling record of fifty pieces of mail per minute. A mail distributor ordi-narily in the postal service averages
